Moving? Make us your mover of choice.

Not all moving companies are the same and here is how we differ – we genuinely care about you, your possessions, and our environment.

Leading the way in a competitive market

With our experienced staff, extensive industry knowledge, and comprehensive infrastructure you can be assured that you will receive a competitive package tailored to suit your individual needs.

Packing and moving specialists

Here at New Zealand Movers we go to great length to ensure that our packing and moving staff are trained and mentored to utilise the safest and most efficient packing and moving methods to maximise the protection of your goods.

Environmentally aware and responsible

We very much appreciate that we live in a world of limited resources and in an environment that deserves and needs protecting. We are proactive in implementing a wide range of procedures to ensure we are your green mover of choice.

Trusted since 1982

Established in 1982, New Zealand Movers is 100% New Zealand owned and operated, and continues to deliver the quality of service you come to expect from a market leader.

Comprehensive Insurance

Selecting the right level of insurance cover is an important decision to make.

At New Zealand Movers we appreciate the importance of this decision as during the moving process there is always an element of risk. Thankfully, a range of comprehensive insurance options are available to ensure your personal possessions and equipment are well covered should the unlikely happen.

Simplicity is the key word when it comes to insurance policies. The policy wording is clear and concise and made easy for you to understand and choose the cover that meets your requirements.

Peace of mind is guaranteed knowing that the policies are underwritten by Vero Marine, one of the world's largest and most reputable insurance providers.
